

**L.I.M.P.R.E.**  
**Book of Merits of Spanish Pure-bred Horses and Mares**

**The LIMPRES—(Libro de Meritos del Pura Raza Española), commonly called the Book of Merits, was published by The National Association of Purebred Spanish Horse Breeders of Spain (ANCCE—Asociación Nacional de Criadores de Caballos de Pura Raza Española) in the 1990s. The LIMPRES ranks some 2,300 Spanish stallions and mares by a point system reflecting their show records in conformation and performance classes as well as those of their offspring for the years 1980 through 1994. The LIMPRES is intended to reflect the merits and capabilities of the finest Spanish horses.**

**In addition to the point rankings, the LIMPRES also includes a history of the Pure Spanish horse, a breeders and brand list, and a detailed discussion of the conformation, temperament, and functional and sports capabilities of the PRE.**
